Currently, I work as **Odoo** Software Engineer. I have developed **project management** and **analytical** skills through my degree and experiences leading projects. I used **Python, XML, HTML** and **JavaScript** with **Postgresql** database to build programs in **Odoo**. My last personal Project is create Pokemon Generator using Pokemon **API** using Odoo. Beside that, I also learned **Cloud Computing** and **Data Analytics**. Lately, I joined Baparekraf Digital Talent by Ministry of Tourism and Creative Industry in Analytics Learning Path and Bangkit Academy led by Google, Gojek, Tokopedia, Traveloka and Deeptech in Cloud Computing Learning Path to explore new skills.

EDUCATION

B.Comp.Sc, Petra Christian University 2018 - 2022
- Data Analytic Concentration
- Current GPA: 3.84/4.00 (145 credits)

WORKING EXPERIENCES
